To whom it may concern

Re: Hilton Abbey Ltd

The above company have carried out several re-decoration and repair Contracts on our behalf. Their work is of a very high standard both in preparation and final finish. Their staff are professional and helpful and Health & Safety aware.

We would have no hesitation in recommending their services to others.

We must, as usual, however state that neither the undersigned nor the National Maritime Museum accept any liability in respect of the opinion expressed.

Yours faithfully
